NYLT

National Youth Leadership Training is a coed advanced leadership training course for older youth leaders in Boy Scouts and Venturing – not for beginning leaders.

NYLT prepares older, experienced youth leaders who have had a few years of leadership experience in their unit to tackle the higher level roles in their unit the Council, Lodge, community and beyond. A previous participant in JLT is perfect to participate in NYLT.

The Course Director for this conference is Albin Sporny III a veteran Calumet Council Scouter and Wood Badge Course Director: will lead the teams and conduct the conference. This National training experience focuses on contemporary and successful leadership models and techniques used in industry and the corporate world. Today's leaders in today's world must work as part of a team. NYLT teaches individual skills and focuses on applying them in team settings and provides the most useful leadership tools available today.

*THE **NYLT** CONFERENCE is a unique Seven day coed course that simulates a month in the life of a unit. It is conducted in a Unit & Team outdoor setting filled with challenges and quests focusing on BE – KNOW – DO leadership. Leadership skills are taught not just presented, with memory tips and immediate practical application experiences through games and activities.*

Team development and leadership behavior is experienced first hand through a wide range of lively activities such as a camp-wide geocache game using GPS devices. Participants leave with a toolbox of contemporary leadership skills.

This is not a conference to send inexperienced young leaders to learn basic leadership as it is assumed those skills and experiences are already in place from the sending unit. The course is definitely not an alternative to a week at a formal summer camp. The focus is on leadership development, not camp or scout craft skills. The six day conference is run as a unit with eight team of six scouts each. A small, highly trained experienced older youth staff, supported by a troop committee of veteran scouters, does most of the teaching, modeling the lessons and skills being taught. Starting on Saturday, the conference uses the Unit and team method, and throughout will model, with planning unit meetings, TEAM meetings, activities and planning for a Big Unit Event which will test their plans. The scouts will be quite busy. The conference will end on Friday evening with the traditional Graduation Banquet and a solemn graduation campfire. Participant parents, family, Scoutmasters and Crew Advisors are invited and encouraged to attend.

The course is designed for Senior Patrol Leaders, Crew Presidents assistants, or those who soon will *serve in similar positions, older Patrol Leaders and other older scouts in any experienced leadership positions.*
